We have grown very attached to our puppies and love them all very much! We want to do our best to carefully help them find their forever homes. We want to be sure that they are going to homes where they will be provided with all of the love and attention that they will require throughout their lives.

We understand that some families purchasing our puppies have the intention of breeding their grown dog in the future. We typically require our puppies to be spayed/neutered and not bred. However, with an extra fee of \$300.00, we will waive that requirement. *(With the understanding that the Windy Sage Kennel canine coming from us will not be used in a puppy-farm / puppy-mill type settings).*
